

Purchase a brick and the light will shine on your name in perpetuity.

project.

The walkways from the Keepers' Cottages to the Cape Canaveral Lighthouse are being bricked in a historically accurate manner and you can be a part of this exciting

Be a part of history....

# The Keepers' Walkway

**Gift card sample**

## The Keepers' Walkways

A brick paver has been donated in your honor along the walkway from the Keepers' Cottages to the Cape Canaveral Lighthouse, Cape Canaveral, Florida.

The light will shine on it as a lasting reminder of the generous contribution made to the Cape Canaveral Lighthouse Foundation on your behalf.

**HISTORY** The first lighthouse on Cape Canaveral stood 65 feet tall and was completed in 1848. Since its light could only be seen from 10 miles at sea, construction of the present lighthouse began in 1859 and was completed in 1868. The tower is 151 feet tall and was visible from 18 miles. During 1893-1894 it was moved due to erosion and now stands about one mile inland from the eastern tip of the Cape.

Cape Canaveral is thought to be the oldest mapped location in the United States. The name means "Cape of the Canes." The lighthouse is owned by the U.S. Air Force, 45<sup>th</sup> Space Wing and is the only operational lighthouse in the U.S. that is owned by the Air Force.

Restoration of the lighthouse began in 2004 when the Air Force completed restoration of the oil house adjacent to the lighthouse, repairing brickwork and adding a new roof. The day mark (black and white stripes) were painted, the gallery and lamp room were removed and restored with new supports and the original brass cupola was refurbished. On April 29, 2007 the beacon was re-lit to welcome mariners returning home.

**PURPOSE** The purpose of the Cape Canaveral Lighthouse Foundation Inc. is to assist the 45th Space Wing in preserving, protecting, and interpreting the lighthouse and its historical significance to the Florida Space Coast, State of Florida and our Nation.

**PROJECT** The Walkway to the Light project is being developed to raise funds to build a brick walkway from the parking lot to the lighthouse. Every visitor walks this path to tour the lighthouse. The 45th Space Wing and the Cape Canaveral Lighthouse Foundation want the visitors steps to be a part of history by having their names engraved on the bricks along the walkway. Your purchase may be made in honor or memory of a loved one.

All donations are tax deductible.
