

December 1, 2022

As President of the Cape Canaveral Lighthouse Foundation (CCLF), I would like to invite you to participate in the CCLF's 2023 Annual Sponsorship Program. Our mission is to preserve the Cape Canaveral Lighthouse by promoting public awareness and making full restoration of the lighthouse grounds a reality, while educating our youth and providing public access to this unique national landmark. The lighthouse was visited by 5000 guests in 2022.

In 2023 the CCLF is offering five sponsorship packages, which are detailed on the enclosed sponsorship registration form. In addition to having your logo on display every day in the museum it will also be displayed at our outreach events allowing it to be seen throughout the community. All 2023 sponsors will be invited to participate in an exclusive Sponsor's Appreciation Day event which will include a tour of Cape Canaveral Lighthouse and the adjacent Air Force Space & Missile Museum's Hanger C, where fully restored historic rockets are on display.

Thanks to the generosity of our 2022 sponsors, members, and private donors, we were able to keep the light shining. In 2022 the major projects we accomplished were replacement of deteriorated handrails, modifications to the oil house to open it for public display, installation of a dehumidifier in the museum to protect the artifacts, partnered with Keep Brevard Beautiful to introduce native plants to our existing landscaping, and we finally worked through the issues to obtain our fourth order Fresnel lens for display in the museum. To top it off we received a grant from the Florida Lighthouse Association to cover the cost of the handrails, and national recognition for our landscaping project.

In 2022 we held our 5K/10K Race which started and ended at the lighthouse. The race in 2023 is being planned for April 30. We held a very successful fundraiser at the American Muscle Car Museum in November. Looking forward in 2023, Brevard County Schools field trips are resuming at the lighthouse. Prior to the pandemic our history education program had surpassed hosting more than 800 fourth graders from Brevard County Schools. In 2023, in addition to hosting an exclusive Sponsors Appreciation Day, we are planning to host Descendants Day, Membership/Volunteer Appreciation Day, a fund raiser at the American Muscle Car Museum, and a 5K/10K race which will begin and end at the lighthouse. As a sponsor, you will help make this possible and your name and logo will be visible at all these events.

Cape Canaveral Lighthouse Foundation is a 501.c.3.

We appreciate your support and I look forward to seeing you at this coming year's exciting events as we work to "keep the light shining."

Sincerely,

Larry Ostarly

President,  
Cape Canaveral Lighthouse Foundation
