## Our Mission

*To assist Space Launch Delta 45 in preserving, protecting, promoting, and interpreting the Cape Canaveral Lighthouse and its historical significance to the Florida Space Coast, State of Florida, and our Nation*

Vol. 15, No. 2

March 1, 2025

### Message from Our Foundation President

Who would think that something happening over seven hundred miles away would influence being able to visit the Lighthouse, but it did: the terrorist attacks in New Orleans and Nevada caused the Space Force to temporarily suspend the Trusted Travel program of which Placards and launch viewings are a part. The Delta also included tours in the suspension, except for badged personnel.

The Delta lifted the suspension of tours on February 1, 2025; however, they added a requirement that we need to submit Social Security Numbers (SSN) for all adults. At the February Board of Directors meeting the Board approved the purchase of a secure software package which will enable CCLF to encrypt SSNs so they can be transmitted securely to the Delta.

CCLF has had some malware issues with the website that impacted access by some people but not others. We are working to evaluate options with our current web provider and others for better support going forward. We have been down for a few days at a time for three instances of malware in the past few months. The Board is looking for a solution that will prevent the problems we have been having and provide technical support for resolving issues or doing minor tweaks to the website.

Phase 2 Light Station Reconstruction project up-date - RZK is under contract and has started the red lines of the architectural drawings for both cottages, after which they will prepare the construction documents to be completed by mid-to-late summer. It was determined by CCLF Steering Committee that the second floor of the 2nd Keeper's Cottage would not be a public area.

The CCLF Steering Committee has decided to make the following changes to the design package: Eliminating both potable water and sewer connections to the Replica Cottage and the Education Building. In the Replica Cottage we will add three nonfunctional fireplaces, one in each front room and one in the kitchen replicating the cottages as originally constructed in the 1880s .

In the last Beacon we solicited for volunteers to join the Outfitting team in certain areas. We've had several docents and a few members volunteer. We even had one person get his granddaughter involved. **Thank you to those who have volunteered.**

Thanks for your help in keeping our light shining into the future. Ron

## Museum Highlights

The Holidays have passed, and the decorations are finally down. The Coast Guard Aids to Navigation Team traveled from Ponce Inlet to remove the wreath at the top of the lighthouse. Their dedication in helping us each year is greatly appreciated! It's no easy task to raise or lower a six foot wreath along the outside of what is essentially an 11 story building! We're already looking forward to next year when they come back.

With the building of the new cottages, we will finally have space for more artifacts. We are working on an agreement with the Space Force Station's archaeologist, Tom Penders, to be able to display artifacts relevant to the lighthouse and life on the Cape, some dating back thousands of years. These artifacts have not been on continuous display to the public before. We hope to set up a rotation schedule so there are frequently new artifacts to see each time you visit the lighthouse. Stay tuned...

### Did You Know?

When you visit the lighthouse, you'll see a sign all about what life was like on the Cape for the early settlers. First up is the Beginnings of Settlement. We chose to start during the 1500s with the first Europeans who passed through – explorers, slavers and missionaries. The Native American population living on the Cape was gone by 1730 and the area remained sparsely populated until the time the first lighthouse was built in 1848. Keeper Scobie was selected as the first keeper not because he had any expertise, which he didn't, but because he was about the only person living anywhere near the area. More information on the Ais can be found on another interpretive sign we have near the lighthouse.

Becky Zingarelli  
Museum Director

[museumdirector@canaveralight.org](mailto:museumdirector@canaveralight.org).

## Beginnings of Settlement

In the 1500s European explorers, slavers and missionaries first came to Cape Canaveral. Here they found a Native American population which had disappeared by 1730. The area remained sparsely populated until a lighthouse was built in 1848. Farming, hunting, and fishing offered a good life to early settlers who soon followed.

## Help Wanted—Volunteers

### Help Wanted - Volunteers

Whether you're already volunteering your time or not, if you're looking for fun ways to help the lighthouse, here are a few opportunities that could use your assistance:

**Community Outreach** – spend a few hours to help staff the lighthouse table at community events such as Sams House Pioneer Day. It's a great opportunity to see these other events and to spread the word about the lighthouse. If interested, please contact Patricia Lautner [pal46220@gmail.com](mailto:pal46220@gmail.com)

**Speakers Bureau** – help people learn about the lighthouse by making presentations to various organizations throughout the county, like the Cocoa Beach Kiwanis Club who recently hosted Jim Underwood to lunch after requesting a presentation on CCLF. There is a standard PowerPoint presentation and you will be trained and mentored. If interested, please contact Sharon Crockett [skcrockett43@earthlink.net](mailto:skcrockett43@earthlink.net)

**Tour Escort** – help bring caravan tours to the lighthouse by driving your own vehicle while on the station. Each caravan has two or more escorts, depending on the number of cars in the caravan. If interested, please contact Michele Rohrmann. [michel-egiger@gmail.com](mailto:michel-egiger@gmail.com)

**Education Docent** – staff a designated station for school field trips. It's a great opportunity to interact with our youth and get them interested in our lighthouse and history. There are specific talking points for each station and you will be trained and mentored. If interested and already a docent, please contact Becky Zingarelli [museumdirector@canaverallight.org](mailto:museumdirector@canaverallight.org) If you'd like to become a docent and then train as an Education Docent, please complete the Volunteer form on our website: [Get Involved - Cape Canaveral Lighthouse](#)

## Blue Origin Launches New Glenn Rocket

The first launch of the New Glenn rocket from Blue Origin at LC 36 resulted in no damage to the lighthouse. It was inspected top to bottom. Nothing appeared amiss and the windows appeared to hold up. There were a few items jostled around in the museum with one unsecured foamcore sign falling on the floor and a few items left askew on the walls. In addition, a few puzzles fell off the shelf inside the gift shop, but nothing was damaged inside the cottage. Now we know what we need to secure better for the future! There was no noticeable impact to the Fresnel lens, thanks in large part to the efforts of our volunteers and engineers from NASA and Blue Origin who designed and implemented several features on the lens base to dampen the vibration. Hangar C did not fare so well, however. Six windows were broken along the wall facing the lighthouse. They have since been repaired. The hurricane windows in the museum stood us in good stead!

## Keeping the Light Shining -Membership Musings

Here we are off to quite a start in this new year. Currently the Cape Canaveral Lighthouse Foundation (CCLF) is 730 members strong, and still growing. A big thank you to all our members!

We had scheduled two convoys for December to be sure all our members, established as well as “new” Christmas In July members, would have an opportunity to see the lighthouse over the holidays. We had to reschedule the 21 December convoy to a January date due to Blue Origin launch preparations, but unfortunately that one had to be cancelled for security purposes after the New Year’s terrorist attacks. The last convoy we had was on 28 December, and was a very popular activity complete with Christmas cookies and juice.

28 DEC 2024 Lighthouse Membership Convoy Event

4 year old Lyra from Palm Bay was so excited when we measured her and she was tall enough to climb the lighthouse that she climbed it twice, with a short break in between for a gingerbread man cookie and a cup of orange juice.

The first convoy of this year is on 22 March and filled up less than 2 weeks after the email was sent for reservations. These are, indeed, popular membership perks! In addition to the lighthouse this time, we will also be going to Launch Complex (LC) 26 where our space program began. We try to include it every other trip for an additional taste of history.

There is a change now in how we do reservations for the convoys since we are now required to collect Social Security Numbers (SSNs) in addition to the other data. Due to the sensitive nature of the SSNs, the CCLF has purchased a secure form which each attendee must complete and submit. Upon submittal, sensitive information is encrypted.

Reservation requests will still be sent to the email address on the notification email, but at this point we only need the driver’s name and names of all passengers who will be in the vehicle. Confirmation will be sent to the requester as usual, as well as the link to the secure form. Once you select the link, the form is self-explanatory; only one person’s name & information per form. The first 2 panels are for your name and verification of citizenship; Panel 3 is where the driver’s name is inserted by everyone filling out the form; if you are the driver, all the information through submittal is your data. For passengers, enter the Driver’s name, after which all information following is your personal data; your name will already be on the first panel. The Driver’s name indicates how you are grouped together. Only the driver inserts the vehicle data.

This year we are trying to space the Member/brick owner convoys to avoid the worst of summer heat and humidity, so look for them around the end of May and early Fall (September/ October), as well as the December/January Holiday time frames. We want everyone to enjoy this activity which is sometimes hard to do when it is sweltering outdoors.

Besides our quarterly convoys, other activities to look forward to are the third annual Christmas In July, our annual Member/Volunteer Appreciation picnic, and the annual AMCM fundraiser in November. All of this while we immerse ourselves in replicating the 1<sup>st</sup> Assistant & 2<sup>nd</sup> Assistant Keepers’ cottages for which we hope to have groundbreaking this Summer. Prep work is being done now to ensure we are up to current code and in line with Space Force Station requirements. The Cape Canaveral Lighthouse Foundation has come a long way since its founding in 2002!

We hope you are off to a great New Year’s start; we look forward to seeing you at upcoming events/activities.

**Welcoming the newest members of the  
Cape Canaveral Lighthouse Foundation Family!**

**NEW MEMBERS 23 December 2024 - 20 February 2025**

**Assistant Keeper (\$35 - 1 Member)**  
Joseph Price

**Lighthouse Keeper (\$50 - 2 Members)**  
Jamie & Kristie Henderson (*AOTC* Sponsorship)  
Ashley Spitsnogle (*Rancho Relaxo* Sponsorship)

**Head Lighthouse Keeper (\$100 - 2 Members)**  
**Student Membership (\$15 = 1 Member)**  
**Lifetime individual Membership (\$1,000 = 1 Lifetime Member)**

**Lifetime Family Membership (\$1,500 = 2 Lifetime Members)**  
**Teresa Moore & Don Nawalany**

*...And celebrating our renewing members of the  
Cape Canaveral Lighthouse Foundation Family!*

**RENEWALS 23 December 2024 - 20 February 2025**

**Assistant Keeper (\$35 - 1 Member)**  
Marcia Lambert Roger McCormick Kerri McMullen Hilary Seery  
Mark Seitter Eric Sharp Paul Willis

**Lighthouse Keeper (\$50 - 2 Members)**  
*GC Electric* (Glenn & Lois Clutter) Sponsor *Easy Peasy Science* (Mike & Marie Ecker) Sponsor  
*Rising Tide Tap & Table* Sponsor  
*Propeller Club Port Canaveral* Sponsor *The Ostarly's* Sponsor

**CCLF Member Benefits**

- Admittance to annual membership appreciation meeting held at the lighthouse;
- Subscription to *The Canaveral Beacon*, CCLF's bi-monthly newsletter;
- Discounts at the Keeper's Closet Gift Shop, including 10% off commemorative brick orders;
- Volunteer opportunities to support & promote the lighthouse in its historical context; and, most importantly,
- Supporting CCLF's efforts to restore the lighthouse grounds and resurrect history!

**MEMBERS SAVE 10% AT  
KEEPER'S CLOSET**

Stop by the Keeper's Closet gift shop during your next visit to the lighthouse. Browse our selection of souvenirs, books, apparel, jewelry, children's items and other lighthouse memorabilia. Proceeds support Foundation initiatives and community events. Members who present their membership card when shopping will receive a 10 percent discount on their purchase.

## Volunteer Spotlight on Amy Csenge

Amy Csenge first fell in love with lighthouses when her family started vacationing on Cape Cod when she was in her 30s.

“Nauset Light is my first love,” the Iowa native said.

Nauset Beach Light is at Cape Cod National Seashore, near Eastham, Massachusetts.

Csenge, a graduate of the University of Texas at Arlington, with a degree in social work, moved in August 2023 to Cocoa from upstate New York with her husband Mike. She worked in human resources for the Schenectady City School District and the City School District of New Rochelle, New York. Amy and Mike retired and settled on the Space Coast.

Now, she loves the Cape Canaveral Lighthouse and likes to spend at least two or three days a month volunteering in the Keeper’s Cottage gift shop. She started at the Keeper’s Cottage in September. She said she has a wonderful time working in the gift shop.

“People who visit the lighthouse seem to be relaxed and friendly,” Csenge said. “I’ve become friendly with some of the other volunteers.”

Csenge likes listening to visitors talk about their travels.

“I enjoy getting out there talking to people coming to the lighthouse,” she said.

Her connection to the Cape Canaveral Lighthouse sprouted when she took a tour not long after moving here. It just so happened that an early morning launch was delayed, and she was there later when the launch took place. It was a bonus to her lighthouse tour.

When not at the lighthouse or at her part-time job in Cocoa, Csenge can be found in her garden or riding motorcycles with her husband exploring the state or on a trip somewhere.

They chose Florida for retirement to be near Mike’s family, who live on the west coast of Florida. The Csenge’s have three adult children who love to visit and enjoy the ocean.

# Paving the Way & Building a Legacy

## New Brick Art

It's never too late to create a lasting commemorative of a Special event. The recent Space Force 10-Miler Run is an excellent example of a fun activity worthy of remembering. Commemorate your race with a custom runner art brick-- perfect for immortalizing your run! There is also a Space Force emblem and a NASA worm added to the art repertoire. You can request these new emblems by writing them on the order form below or on our website. There is room for three rows of engraving with nine characters in each row.

You can purchase a 4" by 8" brick for \$150. Purchase includes engraving of three (3) rows, up to 12 characters per line *as well as insignias and art designs, such as a lighthouse or heart and a matted 5 x 7 inch picture of your brick ready for framing - all at no additional charge.* CCLF members will receive a 10 percent discount on all brick orders. All donations are tax deductible. For additional information, please contact Ann Bolton, CCLF's Brick Project Coordinator, at [annbolton@me.com](mailto:annbolton@me.com) .

Brick orders may be placed online under the Brick Walkway News section at [CanaveralLight.org](http://CanaveralLight.org).

### \*\*\* BRICK ORDER FORM \*\*\*

# Florida Lighthouse Association

Protecting, Preserving, & Restoring Florida's Lighthouses

## Save the 2025 Dates!

You won't want to miss the Florida Lighthouse Association's three exciting seasonal meetings and socials in 2025!

You will have the unique opportunity to meet and interact with lighthouse enthusiasts, professionals, historians, and preservationists. Learn what's happening around the State at Florida's lighthouses, and enjoy some beautiful locations and great food! So please mark your calendars for the following events:

### Winter Membership Meeting

Ponce Inlet Lighthouse & Museum, Ponce Inlet, Florida; Friday and Saturday, **March 28 and 29, 2025**

Venue for the social and membership meeting will be the Ponce Inlet Community Center, Ponce Inlet, Florida.

### Spring Membership Meeting

Pensacola Lighthouse and Maritime Museum, Pensacola, Florida; Friday and Saturday, **June 6 and 7, 2025**

Venue for the social will be the Lighthouse and for the membership meeting Sonny's BBQ, N. Navy Boulevard, Pensacola.

### Fall/Annual Membership Meeting

Cape Florida Lighthouse, Key Biscayne, Florida; Friday and Saturday, **November 14 and 15, 2025**

Venue for the social and membership meeting will be the Key Biscayne Community Center, Key Biscayne, Florida.

**Keep Our Lights Shining!**

A COPY OF THE OFFICIAL REGISTRATION AND FINANCIAL INFORMATION MAY BE OBTAINED FROM THE DIVISION OF CONSUMER SERVICES BY CALLING TOLL-FREE (800) 435-7352 WITHIN THE STATE. REGISTRATION DOES NOT IMPLY A RECOMMENDATION, APPROVAL, OR RECOMMENDATION BY THE STATE.

## Phase 2 Light Station Cottage Restoration Project Update

**More Volunteers Needed for Cottage Outfitting.** As you know, we're building two new cottages and wanted to see if you'd like to help with outfitting them when they're done. We will have a Replica Cottage which shows period-appropriate furnishings downstairs from 1890-1930. The other cottage will be an experiential learning environment with interactive and high-tech displays. We would welcome anyone who would like to bring their time and talent to help us make each building the best it can be!

We're starting to form teams so you can pick and choose what interests you and focus there.

### TEAMS

1. Historical Research and Interpretive Signage
2. Antiques Research, Acquisition, and Display (most already available)
3. Artifacts Research, Acquisition, and Display
4. Experience Exhibits (examples)
  - a. Interactive Diorama
  - b. Interactive Fresnel lens model
  - c. Immersive view from the top
5. Touch Screens
  - a. Technology selection
  - b. Content definition and integration (most content from the Historical Research team)
  - c. QR code-driven additional information placed throughout the light station
6. Surveillance cameras for all buildings
7. Landscaping the new cottages

*Thank you for all you are doing to keep our Lighthouse Shining!*

## 2025 Cape Canaveral Lighthouse Foundation Board of Directors & Advisors

### OFFICERS
